

Well-Child Exam Schedule

Write appointment **dates and times** in boxes below.

2 - 3 Days	15 Months
By 1 Month	18 Months*
2 Months	24 Months*
4 Months	30 Months*
6 Months	3 Years
9 Months*	4 Years
12 Months	5 Years

Well-child exams should continue to take place once per year from ages 6 to 21.

**The American Academy of Pediatrics recommends universal, periodic developmental screenings at 9, 18, and 30 month well-child visits. Developmental screens help to ensure your child is meeting their developmental milestones. In addition to developmental screenings the M-CHAT screening should be completed at 18 and 24 month well-child visits to screen your child's behavioral health.*
